Dear Congressman King,

Thank you for meeting with representatives of our association last week. We appreciate your taking time out of your busy schedule to discuss issues important to our profession.

Thank you for supporting two of the bills we discussed—HR 3140 and HR 1474. Both of these bills are critical for the survival of many pharmacies, urban and rural.

We have asked one of our national associations, the National Community Pharmacists Association (NCPA) to provide you with more details regarding HR 971, and would also appreciate your support for that bill. Only through negotiations will pharmacies be assured of providing products and services at a fair price.

Please feel free to contact us if we can provide any further information.

Sincerely,

*Tommy Berardi Council Bluffs*
